Urip

Shattered My Nervous System.

Stomach Deranged, Liver Dormant.

Dr. Miles' Nervine Cured Me Completely.

A slight cold in the winter, with fever, head-ache, backache; when the nose runs and the eyes water and a soreness seems to permeate the marrow of the bones; this is the beginning of Grip's deadly grasp. The danger follows in the shattered or the dissestive organs, as in the following case:
"The last week in January I contracted La Grippe and was confined to my bed for five weeks. My nervous system was completely shattered, stomach badly deranged and liver in an almost dormant condition. I took treatment daily from my family physician, but could get no relief. My condition continued to grow worse, and as I had often heard of Dr. Miles' medicines I decided to try them. I purchased a bottle of Dr. Miles' Restorative Nervine and Nerve and Liver Pills. When I began taking the medicine I had no appetite, couldn't sleep and was scarcely able to get around. My weight at this time was one hundred and twenty four pounds. At the end of the second week I was a changed man, my appetite was beyoud control, my sleep was refreshing, my strength renewed and my weight was one hundred and fortytwo pounds. I never felt better in my life than I do at this writing. I take great pleasure in rec-ommending Dr. Miles' Remedies to the afflicted. If any one doubts the above statement I am ready to confirm it."-D. C. WALKER, U. S. Treasury Dep't, Washington, D. C. All druggists sell and guarantee first bottle Dr.

Pest of Porcupines.

rom the New York Sun. "Kill the porcupines," is the cry in Washngton county, Me., where the useless aninals are working havoc in the woods. A bill has been introduced into the legislature providing for a bounty on the quillfortified creatures, and a war of extermi-

Reports from the headwaters of eastern rivers state that the heavy timber far back from the coast is being rapidly destroyed by the porcupines. A hunter who cruised along the headwaters of the Machias river last fall was astonished at the extent of the depredations of these animals. Standing on one spot he counted fifty-eight valuable timber trees that had been killed by

porcupines.

It is said that the porcupines came into Maine from New Brunswick thirty years ago, as up to that time few of them were to be found in this state. They have been steadily and rapidly increasing in numbers, until now they swarm like ants, for, being altogether worthless, no one has thought it worth while to hunt and kill them. Their it worth while to hunt and kill them. Their greatest destructiveness comes from their habit of gnawing the bark from trees. Their method of destroying hemlock and cedar trees is to gnaw off the branches from top to butt, while spruce, pine, juniper and the various kinds of hard woods are killed by the bark being gnawed off in sections or rings extending completely around the tree, the porcupine climbing the tree, often two-thirds of the trunk's height, before beginning work.

Sick and Helpless Come Unto Me.

IHave Discovered the Marvelous Secret of Life and I Give It Free to You.

My Mission on Earth is to Heal the Sick and Cure the Maimed-Come Unto Me and I Will Give You Health and Life and Youth.

MY VITAL LIFE FLUID. THE MOST MARVELOUS COMPOUND EVER DISCOVERED, I SEND TO YOU FREE FOR THE ASKING.

and I can make you live, for I can make you well, no matter what your sickness; I can make you strong and well, no matter how weak or crippled you are. With my Vital Life Fluid, the secret of which is known only to me, I cure every known allment of the human flesh. Cripples throw down

He Has Discovered the "Secret of Life," for He Cures All Diseases With His Marvelous Vital Life Fluid.

the sick take up their beds and walk. There is no ill or ailment under the sun which my marvelous Vital Life Fluid will not banish, and it restores to the perfect bloom of health every poor and unfortunate sufferer.

I do not seek to demonstrate a theory. I have no time for that, for I am accomplishing facts. I am curing thousands who had given up all hope of life. I am bringing joy and happiness into hundreds of homes. If you suffer from kidney and liver disease, lung and stomach or heart trouble, consumption, constipation, rheumatism neuralgia, blood and skin diseases, catarrh, bronchitis, paralysis, diabetes, lost vitality, nervous debility, insomnia, blood poison, enemia, female weakness and allments, eczema or salt rheum headaches, backache, nervousness, fevers, coughs, colds, asthma or any disease or weakness of the and make you well. The wicked may scoff and cry "fake," but the people whom I have snatched from the very jaws of death and have lifted up and given strength and health are living witnesse to the everlasting power of my matchless Vital Life Fluid. It matters not now long you have been afflicted; it matters not how hopeless and helpless you may be; it matters not what doctors have said or what remedies have failed to cure you; it matters not whether you have faith, my Vital Life Fluid is life itself and banishes all disease. From the very edge of the grave, by the aid of this mysterious compound, I have brought them back to life and none need perish, for I will send to every sufferer some of my priceless Vital Life Fluid absolutely free. That is my duty, and it will perform its miraculous cures right before your own eyes. Write and tell me what you wish to be cured of, and I will cure you. I will send you the marvelous Vital Life Fluid that will make you as strong and healthy as if disease had never touched you. Write me today. Never mind the scoffings of your friends. Your life not save you, but I can save you and I will if you Sargent Ferris, 3254 Elektron Bldg., Ft. Wayne, ind., and I personally assure every person who writes me, be they rich or poor, a prompt and courteous answer and enough of my precious Vital Life Fluid free to convince them that I have truly discovered the secret of long life and perfect

Aliens in Scotland.

rom the London Chronicle. Scotland, according to the latest returns, s not a dumping ground for allens. Only 1.033 per cent out of a population of 4,472,-103 are aliens. The number of English-born persons north of the Tweed, if transferred to London, would be hardly noticed. They number only 131,350, or 2.937 per cent. Irish people, on the other hand, aggregate 205,-064, or 4.585 per cent, and patriotic Scots, backed up by police statistics, charge this remnant and their connections with committing 50 per cent of the crimes annually recorded on the far side of the Cheviots. Weishmen seem to shun Scotland, as only, 2,673 were found there when the census enumerators came round. Marriage is pop-ular to the extent of 46.777 per cent of males over fifteen years of age, and fair womankind is appreciated to the extent of 44.277 per cent of like ages. While the widowers number 72,741, the widows total no fewer than 175,405, which bears out the truth there lies in the now neglected ballad of "Three Women for Every Man."

The Stimulus of Competition.

"It is a great mistake, Mabel, to trifle with the affections of a man who loves you by encouraging some one else." "Well ,he's a little slow, auntie. I think

Medical Records Show That Uric Acid in the Blood is a Swift Agent of Death.

Paine's Celery Compound,

The Popular Spring Medicine, is the Only Reliable Blood Purifier.

In the springtime deaths from polson-uric acid in the blood-are common. This malignant poison, which should be expelled by the kidneys, is diffused through the blood, and when allowed to remain in the system, proves fatal. Thousands of men and women around us are now suffering from kidney-poisoned blood. Loss of nerve force, failure of appetite, nausea, constipation, pains in the back and side and depression of spirits, indicate that uric acid is doing it's terrible work. For such a condition in springtime, there is but one sure, tried and never-failing remedy, it is Paine's Celery Compound, which promptly restores the kidneys to health and enables them to perform their functions. With the kidneys in proper condition, there cannot remain the slightest trace of uric acid in the blood, Mr. A. U. Winters of Cincinnati, Ohio, writes as follows about his

"In March, 1902, I was dangerously ill, and my ondition became so alarming that my family called in a specialist to confer with our family doctor. I with uric acid. I was also suffering from rheumatism in back and arms. Getting no positive good from the doctors, a friend advised me to make use of Paine's Celery Compound. The use of the first bottle seemed to produce magical effects, and after I had used five bottles, I was strong and

MATTERS CONSIDERED

POLICY IN PHILIPPINES UNDER CONSIDERATION.

Dinner in Honor of Bishop Conaty, Re tiring Rector-The New Rector as the Host.

The meeting of the archbishops of the Catholic Church in the United States was begun this morning at 10 o'clock in McMaion Hall at the Catholic University. The forenoon session lasted until 1 o'clock, when adjournment was taken until after the exercises attending the laying of the cornerstone of the Apostolic Mission House, which will occur at 4 o'clock this afternoon. A session will be held later in the afternoon, when it is expected that the matters for the consideration of the prelates will be disposed of and final adjournment will take place

later in the evening. Cardinal Gibbons presided over the meeting and Archbishop Keane acted as secretary. The session was held behind closed doors, as were those of the board of trustees of the Catholic University, held in the same hall yesterday. Archbishop Keane stated after the close of the morning session that there was nothing to be given out for publication at that time regarding the proceedings of the morning. It is under-stood, however, that a considerable portion of the time was occupied with a discussion of the interests and policy of the Catholic Church in the Philippines, and also with consideration of the work of the church among the Indians. The subject of adopting a new and uniform catechism for the use of the Catholic Sunday schools in the United States is expected to come up before the session late this afternoon

Dinner Given by Rector O'Connell.

Incidental to the meeting of the archshops was the dinner at 1 o'clock given by the new rector, Mgr. O'Connell, in honor of Bishop Thomas J. Conaty, the retiring rector of the university. There were about 120 guests at the function. In addition to may be at stake and you not know it. They can- Cardinal Gibbons, the archbishops and bishops who are visiting in the city there will only let me. My private address is Dr. C. were also present the trustees of the university, the professors in the institution and a number of the students, the superiors of the various religious orders and a number of clergymen and church dignitaries,

among whom were the following:
Rev. Father Deshon, superior of the Paulists, New York; Rev. J. B. Descreux, S.M., provincial of the Marists; Rev. Joseph McSorley, C.S.P., president of St. Thomas' College; Rev. James J. Fox; Rev. F. J. dollier, president of the Marist College;

Near-By Resorts to Offer Inducements to Sports. Washington sports who wish to wager their money on games of chance are, it is stated, promised plenty of opportunity this season. The Monte Carlo, which was conducted on a small scale at Chesapeake Beach, is no longer to form one of the attractions there. It is said that the promoters of the games there have gone to Alabama and opened a swell club house. Today Major Sylvester was informed of the pool room that is to be opened in Prince George's county next Monday. This is the place that was mentioned in The Star a few days ago. It is stated that the place is being put in readiness and wires are being strung in order that there will be no delay

In opening the room at the time stated.

Workmen are also constructing a club house at Jackson City on the site of the building that was destroyed there last year. It is stated that policy is to be conducted there in addition to the house games. It is also reported that a number of writers have been employed. The pool room mentioned is to run in opposition to the room across the river in Virginia, and as an extra inducement to get sportsmen there it is intended, it is said, to furnish car tickets free to the patrons. The new game of policy to be started is intended to injure similar games already in operation

there and at Rosslyn.

The police have been informed of other places about the vicinity of this city in other jurisdictions where gambling games are to run openly this summer to catch those who cannot be accommodated in this city because of the enforcement of the gambling laws.

gineers, has been designated as acting quartermaster at Mobile, Ala., to attend to all freight shipments at that port on account of the light house establishment. Second Lieut. S. P. Mission House Corner Stone. A ceremony which promises to be of more han ordinary interest to Catholics of this country will take place on the university campus at 4 o'clock this afternoon, when the corner stone of the proposed apostolic mission house will be laid with appropriate

exercises. The large granite stone, weighing about two tons, which was hoisted into position yesterday, will be formally laid by Cardinal Gibbons, in the presence of the archbishops and bishops of the country now present in the city, a large number of Catholic priests, members of the feather and the country of the olic priests, members of the faculty and students of the university and many laystudents of the university and many lay-men of Washington and from other cities near by. The sermon will be delivered by Archbishop John Joseph Keane, who was the first rector of the university. The band from Gonzaga College will be present and furnish appropriate music. The ceremonies will be in charge of Rev. A. P. Doyle, C. S.

will be in charge of Rev. A. P. Doyle, C. S. P., of the Paulist Fathers.
Following the blessing of the ground upon which the building is to be erected a cross will be placed on the site of the altar. Cardinal Gibbons will then sprinkle holy water over the surrounding foundation walls, and the stone will be lowered into its intended position. The box to be placed within the stone will contain a pregram of within the stone will contain a program of the exercises, statements of officers of the union, a copy of the constitution of the Catholic Missionary Union, coins of the day, local newspapers and various other

Under Missionary Union Auspices.

The new building will be erected under he auspices of the Catholic Missionary Union, a corporation organized six years ago under the laws of New York state for the purpose of placing missionaries in the south and west of this country. Since its organization, it is stated, the union has expended over \$50,000 in its work. The new institution will be national in character, in that the diocesan priests from the various dioceses of the United States will receive training for missionary work within its

The mission house will cost about \$50,000 and it has an endowment amounting to \$200,000. The building will face the Bunker Hill road and will be constructed on a plot of ground 200 feet square located near the easterly gates of the campus, and about 400 feet from Keane Hall. The site has been leased by the university trustees to the Catholic Missionary Union for an indefinite period. The basement of the build-ing will include the kitchen and apartments for the employes, the storerooms and the boiler rooms. On the first floor will be a large chapel and a few class rooms. The remainder of the building will consist of

Funds Raised by Subscription. Rev. A. P. Doyle has been in charge of the erection of this new building the funds for which have been raised by subscription. Father Doyle received a gift of \$1,000 yesterday to aid in the erection of the structure. The name of the donor is

Ground will also be broken this afternoon for the proposed house of studies to be built by the Dominican Fathers on the university campus.

HOLD OUT THE GLAD HAND.

Army Orders.

Capt. William E. Craighill, Corps of Enservation and any light duty he may be able to perform.

ROCKVILLE AND VICINITY. General and Personal News From

Montgomery County's Capital.

Special Correspondence of The Evening Star. ROCKVILLE, Md., April 22, 1908. Intelligence has reached here of the death from pneumonia of Mr. Fayette Sommers. a native and for twenty-one years a resident of this town, which occurred a few days ago at his home in Basin, Wyo. He was a son of the late Dr. Sommers, who was one of the most widely known citizens of this county. Since leaving Rockville the deceased had been engaged in the newspaper business and managed and edited a paper in Kentucky and later was the proprietor of one of the leading journals of Wyoming. He was forty-three years of age and unmarried. The remains were taken to Elizabethtown, Ky., the home of his brothers, Charles E. Sommers and Harry A. Sommers, and a sister, Mrs. W. H. Marriott, for interment. He is survived by another brother, Mr. Walter C.

Sommers of Rockville.

Miss Eleanor Fox of Reading, Pa., is a guest of Mrs. Harry A. Dawson at this Miss Grace Berlin of Virginia is visiting Miss Rose Armstrong here.
Licenses were issued here yesterday for the marriage of Mr. James William Brown and Miss Beulah Louise Gartrell and Mr. Frank Benjamin Johnson and Miss Eudora-Benton Gardner, all of this county.

As is the custom each Tuesday for several months preceding primary elections, candidates for democratic nominations and other politicians gathered in Rockyille yesother politicians gathered in Rockyille yesterday in large numbers, electioneering and conferences being the order of the day. During the afternoon it was announced that Mr. Alfred F. Fairall of Sandy Spring and Mr. Thomas B. Howard of Laytons-ville have decided to enter the contest for the nomination for sheriff. Mr. Fairall formerly held the position and Mr. Howard has twice sought the honor. It was also stated that Mr. Louis B. Scholl of Barnes-ville will be in the field for the house of delegates. of delegates.

Edinburgh.

From the London Chronicle. Scottish people are much pleased at the thought that Edinburgh will again be its ancient royal self when the king goes there next month. He knows it well enough not to be likely to have any new impressions about it. His visit, however, recalls the impression which "mine own romantic town" made upon Queen Victoria when she first saw it. "It is quite beautiful." she wrote; "totally unlike anything else I have seen, and, what is more, Albert, who has seen so much, says it is unlike anything he ever saw." She noted its regularity of architecture, and that everything was built of massive stone. She thought the High street, with its steepness and old-world air, "very fine," and the castle, on its rock,
"most striking." With Arthur's Seat in
the background, Edinburgh made altogether
"a splendid spectacle." Sixty years have
passed since then, and Edinburgh has
grown, but not altogether out of its natural

Sport in Portugal.

Prominent among the King of Portugal's

varied tastes is an English passion for sport of all kinds, and it is known that once even, when Duke of Braganza, he entered the ring to face a bull "with points tered the ring to face a buil "with points unbated," that is to say, not padded, as is generally the case in Portugal as distinguished from Spain. One of the ladies of the court had dared the duke to face a buil with its horns unguarded, and so he entered the arena in the Spanish manner—incognito, though every one knew who the bold banderillo was. Unfortunately the duke slipped and fell, but starting up, before the buil could charge again, he ran for the barricade, and cleared it at a bound just a moment or two before the infuriated
